Dear Mother + Folks

Received your letter of the 22nd yesterday
telling of John being hurt in an accident. I was
was sorry to hear that, hope the worst is
over for him, will say a few extra prayers to help
out. Also got your letter of the 22nd yesterday
saying that he is feeling much better. It came
in eight days. Hope there isn't much pain
+ that he'll be alright. It must of been
a terrible accident, but as Marion said
it could of been so much worse.

Please ask him how the nurses are
at the hospital. I know they made it a lot
easier for me when I was in the hospital by
keeping you in good spirits, and sure they
will do the same for him. Glad that
Mother is taking it so good. Guess she
has been having a time of it for the

last eight or ten months.

Had a letter from Frank today written on March 16th. He says that he is not having it to bad & is still going strong, although if he were having it rough he'd never complain. They certainly are moving up there. The old 5th took the city of Frankfurt as you may know, which is second only to Berlin. Also had a letter from Red Gallo who is in Germany & one from Dave Sewell down in the Pacific.

Must close for ^{now}, please tell John & hope his coming ^{along} fine & tell him I will write him. I ^{will} do pray he'll be OK soon. Write real soon.

Love to all
"Dick"
